EQUIPMENT FINANCE SOLUTIONS

Wingspire Equipment Finance offers strategic capital solutions to sponsor-backed, middle market companies in capital intensive industries. We specialize in financing essential equipment acquisitions that are customized to meet your needs. Our flexible financing options include a variety of lease structures, progress payments, equipment lines of credit, and sale-leasebacks on existing assets.

Our tailored financing helps clients preserve capital, enhance cash flow, and take advantage of off-balance sheet financing. We also enable middle marketing companies to tap into existing equipment for liquidity and working capital purposes.

Backed by permanent capital, Wingspire offers a streamlined credit process and a high degree of deal certainty so you can confidently grow your business.
